Customer support services

Chair payment plans
Stryker provides payment options that make our equipment as easy to acquire as it is to use. Payment plans allow you to keep current with equipment needs, reducing the risk of obsolescence or inefficiency. At the same time, you stabilize operating costs while preserving other credit resources.

- Equipment delivered at the start of the plan
- Flexible plan options to meet your operating needs
- Service and other support related costs can be added to your lease plan
- Payment options include annual, quarterly, monthly, stepped or deferred arrangements

Chair trade-ins
Trade-in your existing gear. Allowances are promptly determined depending on age and condition of products. Talk to your Evacuation Consultant for details.

ProCare Service
Dependable, high-quality products are only the beginning of the Stryker commitment to customer satisfaction. World-class customer service and technical support programs help keep every product in top condition throughout its life span.

Programs Include:
- ProCare
- Stryker authorized service vendors
- Certified technician training

Guarantee
With no reservations, you can purchase the equipment you need. If you are unsatisfied, we offer a 30-day money back guarantee.

Emergencies often arrive unexpectedly. In that moment, preparedness is key. Are you prepared to evacuate occupants from your facility when facing an emergency? Stryker is ready to help you with the experience and equipment you need to manage emergencies effectively — introducing, Stryker’s Evacuation Chair.

Our Evacuation Chair gives you the power to evacuate disabled or injured persons weighing up to 500 pounds, from multilevel facilities in emergency situations. Stryker’s patented Stair-TREAD system assists in an easy descent down stairs by a single operator, with passengers weighing up to 200 pounds. Our extendable head and foot end lift handle design supports proper ergonomic lifting technique, while improving line of vision to feet and steps when lifting the chair on stairs or over obstacles.

Emergency situations are often a surprise, build confidence and peace of mind knowing that you are prepared. With Stryker’s Evacuation Chair, you have the power to mitigate emergencies. Preparedness, it’s a powerful thing.

Features and benefits
- Assists in evacuation of disabled or injured persons from multilevel facilities
- Stair-TREAD tracked system enables one person to control descent down stairs for passengers weighing 200 pounds or less
- Exceeds fire safety requirements and emergency response guidelines established to support the Americans with Disabilities Act
- Extendable head and foot end lift handle design supports proper ergonomic lifting technique, while improving line of vision to feet and steps when lifting the chair on the stairs or over obstacles
- Designed to maximize mobility in tight spaces
- Folds to compact size for convenient storage

Contoured seat for comfort
Foot end lift handles extend for ergonomic lifting
Foldaway foot support provides additional passenger security and stability

Restraints
With Fastex buckles for passenger security

Head end lift handles
Extend for upright lifting posture

Upper handle control
Extends to be ergonomically positioned for optimal operator control

Optional Aggressive Stair-TREAD Belt available
- The Aggressive Stair-TREAD Belt is designed to improve the grip of the Stair-TREAD system on steps that have a smooth surface with a rounded edge. To determine if the Aggressive Stair-TREAD Belt is appropriate for your application, please refer to the Aggressive Stair-TREAD Belt specification sheet at www.strykerevacuation.com or contact your local Evacuation consultant.
